FOCUS 2

Designed by Ronni Gol

LED | dimm. | IN DOOR | IP20 | SWITCH TUNE

DESCRIPTION

The FOCUS 2 family with Switch Tune, designed by Ronni Gol, is a ceiling-mounted LED spotlight that combines refined design with exceptional flexibility. Featuring two round spotlights set in a rectangular base, it reflects Ronni Gol's signature focus on clean lines and functional elegance. The design blends effortlessly into both modern and classic interiors.

Each spotlight can rotate 350 degrees independently, giving you full control over light direction. The integrated Switch Tune function allows you to select either 3000K for a clear, daylight-like light or 2700K for a softer, warmer glow during installation. This combination offers dynamic lighting and helps you create the right atmosphere for any space.

Crafted from aluminium, FOCUS 2 is ideal for highlighting details such as artworks, while also serving as effective general lighting. Whether used on its own or in a series, it brings out the character of a room and enhances its overall ambiance.
