Nato dalla ricerca condotta dalla designer Maria Vafiadis di MKV Design, Discus è proposto in tre varianti di diverse dimensioni: sospensione, applique e soffitto.
Questa gamma di prodotti vanta un look minimalista, con una linea grafica decisa e dinamica dove luce, forma e decoro incorniciano lo spazio in modo evocativo e contemporaneo.
Due dischi di metallo, che possono essere bianchi o neri, racchiudono la sorgente illuminante in un gioco ad incastro. Il diffusore opalino bianco al centro è incorniciato da una fascia in ottone semilucido che dona un tocco di lusso al design. La particolare conformazione della struttura, che nella versione a parete ha un braccio girevole di 120°, permette alla luce di diffondersi uniformemente su tutta la superficie, questo rende il prodotto ideale per qualsiasi luogo e utilizzo, sia in contesti residenziali che di alta ospitalità.

Born from the research conducted by designer Maria Vafiadis of MKV Design, Discus is offered in three variants of different sizes: suspension, applique and ceiling.
This product range boasts a minimalist look, with a decisive and dynamic graphic line where light, shape and decoration frame the space in an evocative and contemporary way.
Two metal discs, which can be white or black, enclose the illuminating source in an interlocking game. The white opal diffuser in the middle is framed by a semi-polished brass band that gives a touch of luxury to the design. The particular shape of the structure, which in the wall version has a 120° rotating arm, allows the light to spread uniformly over the entire surface – this makes the product ideal for any location and use, in both residential and high-end hospitality contexts.
