Push-Up _Table lamp

Cordless, rechargeable, battery table lamp. When you press on the top of the lamp, it lifts up and the light comes on. To turn it off, you simply need to press it down again. Under the base there is a touch control that when the top of the lamp is up, allows you to switch the light on, adjust its intensity and select its color temperature. And thanks to its high IP rating, the lamp can also be used outdoors. An electronic control system monitors and indicates the remaining battery power to ensure recharging is optimized and always performed correctly. The lamp comes with a contact charging base. Battery charger not included.

LED | dimmable | IP54
