MIRAGE OUTDOOR STAND

Designed by Ronni Gol

DESCRIPTION

MIRAGE OUTDOOR STAND combines sculptural elegance with functional outdoor lighting. Inspired by a classic lantern and reimagined with a minimalist design, it features a concealed LED light source at the top that casts light in four directions. Its unique shape blends a circle and a square, forming a distinctive "squircle" silhouette.

Designed to guide you along paths, driveways, or through the garden, MIRAGE OUTDOOR STAND offers more than orientation lighting. It defines space, creates contrast, and adds atmosphere, turning outdoor areas into visual experiences.

While striking on its own, the lamp truly stands out when placed in groups to create a dynamic lighting composition. This new model includes Switch Tune function, allowing you to choose between 2700K and 3000K during installation to suit the desired ambiance.
