SERIOUS 2

Designed by Ronni Gol

DESCRIPTION

The path, illuminated with intention. SERIOUS casts its light downward in a soft, controlled beam - a round, discreet disc mounted flush to the wall, concealing its source entirely from view. No glare, no exposure; only the quiet reassurance of light where it is needed most.
At home guiding footsteps along a hotel entrance or ascending a marble staircase, SERIOUS elevates wayfinding into an act of design. Available in multiple finishes and two sizes, equally composed indoors or outdoor.

Functional by purpose. Elegant by nature.
