

STRIPE S1500

Designed by Ronni Gol

DESCRIPTION

A line, perfected. STRIPE S suspends from the ceiling with singular conviction - its characteristic linear form composing space as much as it illuminates it. Combine different lengths to sculpt a installation entirely your own, layering proportion and rhythm into something greater than the sum of its parts. Available in 1500 mm and 2000 mm, and finished in white, black, brass, rose gold, or titanium - each a considered expression of material and light. Cables supplied at 4500 mm, trimmed precisely to your ceiling's demands. STRIPE S doesn't just hang in a room. It completes it.
