IMPORTANT INFORMATION
Hardwiring Asteria wall lamp: Asteria wall lamp can be hardwired directly without the metal casing included in our hardwired add-on. However, the driver provided with the add-on must still be used and embedded in the wall rather than housed in the metal casing. This method allows for a flush installation, keeping the fixture as close to the wall as our standard setup with the pre-installed cord and plug. Please note that this process has specific technical requirements and must be carried out by a certified professional to ensure a safe and proper installation.

Colour variations

pearl white (RAL: 9001) | black (RAL: 9005) | nuance mist | nuance olive | nuance rose (RAL: 3014) | nuance orange (RAL: 2010) | polished steel | polished brass

ASTERIA | WALL LAMP

Designed by Søren Ravn Christensen

Asteria wall lamp short, black

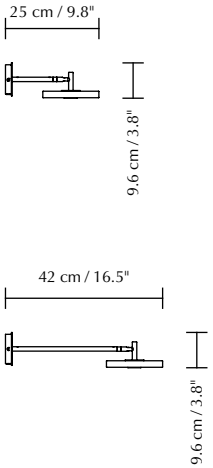

Asteria wall lamp long, hardwired, polished brass

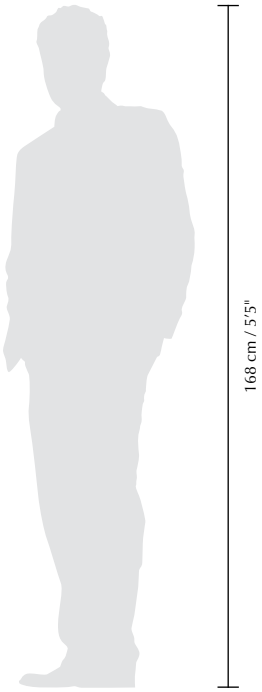

Crafted with great attention to detail, Asteria wall lamp is available in two sizes – long and short – offering the choice to tailor the lighting experience to each unique space. The Asteria wall lamp is dimmable, controlled by a discreet button on the lamp's screen. This feature allows you to effortlessly adjust the lighting to suit any occasion, whether it's a serene moment of bedtime reading, illuminating a corner for a cosy reading nook, or creating a welcoming embrace in the hallway.

Like the other designs in the Asteria collection, the Asteria wall lamp features a tight and sleek appearance born at the crossroads of design, technology, and craftsmanship. Its brass details blend effortlessly with the minimalistic expression, ensuring a timeless design.

The lamp is easily directed to your desired angle, allowing you to curate the perfect ambience, whether it's a soft spotlight or a gentle glow. The long model takes this versatility further, with the ability to move from side to side, providing enhanced functionality while maintaining its graceful presence.
